

CLASSIC SERIES

Elevation with Brick and Stucco

The Oak Hill

Main Floor	1,832 sq. ft.
Second Floor	1,925 sq. ft.
Total Living	3,757 sq. ft.

This classic colonial styling has a welcome addition of distinctive arch windows. It features a two-story foyer with an elegant staircase and a spacious open hall. The central two-story family room gives the entire first floor a feeling of openness and grandeur.

The kitchen provides an abundance of space and includes a large breakfast area. The open feeling of this plan continues on to the second level. The soaring open to below areas fill the upper hallway with plenty of natural light.

The master bedroom suite features a optional light filled sitting room or a generous sized walk-in closet. There is an option to extend for additional space for the closet or create an exercise room. All the secondary bedrooms have ample room and closet space.
